The Modern
Bookkeeping Tech Stack

PARO

Today's bookkeepers have a powerful array of software at their fingertips to automate workflows and provide business owners with real-time financial insights.

Learn how the back office tech stack is evolving and how the skills of your bookkeeper will evolve with it.

Data Security Is Paramount

Secure cloud storage and collaboration tools are essential to ensure financial data protection.

EXAMPLES

Cloud Storage & Collaboration

Google Drive	Dropbox	SmartVault	Client Portals

Cloud Accounting & Workflow Automation Are Table Stakes

Desktop solutions no longer cut it in an always-on business environment.

Integrated cloud accounting and automation tools provide **real-time visibility and efficiency.**

EXAMPLES

Practice Management

TaxDome	Karbon	Canopy	Mango

GL Accounting Software

QuickBooks Online	Xero	Freshbooks	Wave	NetSuite	Sage

AR/AP Automation

Bill.com	Expensify	Invoiced

Payroll

Gusto	OnPay

Collaboration & Project Management

Slack	ClickUp	Asana	Microsoft Teams	Calendly

AI Will Become a Key Partner

AI is transforming bookkeeping by eliminating repetitive tasks and providing intelligent insights faster.

Bookkeepers will **interpret AI outputs** while **focusing on strategic work.**

EXAMPLES

AI Assistants

Microsoft Copilot	Generative AI

Automated Data Capture & Optical Character Recognition (OCR)

MileIQ	Dext	Parsedoc

Optimize Your Back Office

Bookkeepers will help business owners select technologies that **eliminate bottlenecks and redundancy** across accounting, inventory, HR and operations.

→ Use **accounting apps** to record expenses on the go.

→ Streamline inventory management with **integrated apps & bar scanners.**

→ Track employee hours with **time tracking apps.**

Partner With the Right Bookkeeping Experts

As technology evolves, bookkeepers with the latest tech stack expertise and analytical skills will be in high demand. **Strategic partners stay ahead of the curve.**

Learn more about how we match businesses with elite bookkeeping expertise at **paro.ai.**
