

# Firm Success Story

A Northwest regional accounting firm overcame staffing challenges and workload compression by partnering with Paro to secure scalable talent solutions, leading to significant growth and operational improvements.

We saw a 10-15% increase in top-line growth. Without the experts from Paro, we wouldn't have been able to accept as much additional work or meet our clients' expectations as timely as we did."

## CHALLENGE

### Staffing gaps & overburdened team

Facing the retirement of senior staff and the upcoming tax season, the firm needed to address critical staffing gaps and prevent burnout among their experienced team, all while ensuring the security of their remote work environment.

## SOLUTION

### Turnkey, U.S.-based expert talent

Paro matched the firm to two fully vetted, remote experts with Big Four and regional accounting firm experience. They seamlessly integrated with the team, providing the exact hours needed to manage the tax season workload efficiently and securely.

## IMPACT

### 10-15% growth & long-term partnership

With the help of Paro's experts, the firm significantly increased top-line growth, implemented firm-wide efficiencies, and established a long-term partnership that includes additional fractional Paro experts to enable further firm expansion.

Let's discuss your firm's staffing and growth needs.
